Why Hire IMPACT Collective?

1. We believe in a concierge style approach to event planning, always looking after you, your team, and your guests. Not only do we coordinate logistics, but we play the role of host to make sure you and your attendees are well taken care of.
2. **IMPACT Collective** is a socially conscious brand that also manages DC-based charitable organizations such as Meant 2 Live Foundation and Splendor Productions, which means we plan with a purpose. Proceeds from our business are reinvested in 2,500 impoverished youth and orphans in DC, VA, MD, and Zambia, Africa. Our efforts have provided healthy meals, school supplies, education, and medical services for these children.
3. **IMPACT** is where passion and purpose collide. To put it simply, we LOVE what we do and it shows in our work. We are a part of a unique journey with our clients, and weather each storm, celebrate the victories, and navigate every step of the way with them.
4. When recent pandemic disasters wreaked havoc on the world, and especially in the hospitality and event industry, our IMPACT team acted as first responders. Dozens of clients came to us as their venue cancelled or a vendor refused to provide a refund for services not rendered. As an advocate, we went to bat for our clients and were able to protect their financial investments and put their weddings back on track in a safer way. Similar to an attorney, we review every contract to make sure the right clauses are included to properly guard your special day. IMPACT is your Covid Navigator and Strategist!
